Who is Nazdar?

From its humble beginnings, Nazdar has grown into one of the major international manufacturers and distributors of wide-format digital, screen, and narrow-web printing inks. The Company's strong commitment to research, customer service, and quality ensures that all of the ink, supply and equipment needs of a graphics imaging business can be met in one place — Nazdar.

Why Choose Nazdar?

As an industry leader for over 88 years, Nazdar sets itself apart with an unmatched record of innovation, a devotion to quality and the ability to provide superior customer service with the most complete selection of products and services.

A History of Innovation

Nazdar has developed products, software and consulting services that expand our customers' capabilities and profit.

A Reputation for Quality

Meeting the qualification for ISO 9001:2008 certification is a reflection of Nazdar's commitment to superior production processes. We are dedicated to continually improving our employees and meeting our customers' needs. In addition, Nazdar accepts the obligation of a corporate citizen to make the world a better place through responsible business practices.

Focus on Customer Service

Meeting the needs of our customer provides the backbone for a system of worldwide customer service support for all Nazdar products.

Comprehensive Products and Services

The widest range of digital ink products available on the market today, for the widest selection of digital printers

The most comprehensive selection of digital, UV, waterbased and conventional screen printing inks from a single source

CATZper color tolerance software was named a Product of the Year 2009 by DPI at the SGIA show in New Orleans

Nazdar Consulting has recently expanded its capabilities to include Lean Manufacturing, Six Sigma and Chromatix® services for screen and digital printing
